Pub n' Grub

“Serving The Best Shit Around”

Savanna Illinois

Orders 2 Go 273-4516

THE MOST FUNCTIONAL ENGLISH WORD

Is Shit, That's Right Shit!

When you consider that you can get shit faced, be shit out of luck, have Shit for brains and with a little effort you can get your shit together. You Can find a place for your shit. Someone can ask you to shit or get off the pot.

You can smoke shit, buy shit, sell shit; you can lose shit, find shit, forget Shit, you tell others to eat shit. Some people know their shit, while others Cannot tell the difference between shit and shineole. There are lucky

Shits and dumb shit, sometimes you see crazy shit. There is bullshit, Horseshit and chicken shit. You can throw shit, sling shit, and catch Shit. You can shoot the shit, or duck when the shit hits the fan. You can

Even serve shit on a shingle. You can find yourself in deep shit or

You can be happier than a pig in shit. Some days are colder than Shit, other days are hotter than shit, some days are just plain shitty.

Things can look like shit and you can feel like shit. You can have too Much shit or not enough shit, have the right shit, the wrong shit, you Can have lots of weird shit. You can carry shit, or have a mountain of Shit. You can find yourself up shit creek without a Paddle. At times

Everything you touch can turn to shit and other times you can

Fall in a bucket of shit and come out smelling like a rose. When You stop to consider all the facts; shit is the basic building block of The English language. Just remember once you know your shit, you

Won't need to know any other shit! You can pass this shit along if You give a shit, or not if you don't give a shit! Well shit it's time for

Me to get some shit done. However, I just wanted you to know

That I do give a shit and I hope you enjoy your day without

Having to deal with a lot of shit. If you happen to catch a

Load of shit from some Shithead, well Shit Happens!

POOPY

Please do not remove this page! If you would like to Purchase a copy we do have it available for a \$1.00
